

BOLT ONE

EV Charging Station Installation

INSTALLATIONS

Providing project management of your multi-family or commercial property's initial EV charging station installations. Includes surface lots and parking garages.

MAINTENANCE

Responding to any potential disruption of service in order to protect your customer experience and potential loss of revenue. Live and direct access 24/7/365.

NATIONWIDE SERVICE

BoltOne's experienced account management team partners with our vendor network of pre-screened, qualified contractors to:

- > Consolidate communications
- > Increase responsiveness
- > Maximize your efficiencies

Boost your EVSE abilities. Reduce your costs.

- > BoltOne acts as a bolt-on project management department to expand your current operations team.
- > BoltOne consolidates your communications.
- > BoltOne quickly adjusts to your project volume, high or low.
- > BoltOne requires no fixed costs or recurring fees.

BoltOne's Areas of Focus

Perform site inspections to confirm that existing physical conditions allow for project specifications. Delivery of preliminary construction costs.

Provide professional project management of EV Charging station installations for commercial and multi-family properties.

Manage your EV Charging station's reactive maintenance program to ensure continuous operation and customer satisfaction.

Handle swap-outs due to equipment failure or manufacturer transition.

Who We Are

BoltOne's founders include the co-owners of UmbrellaOne, a nationwide commercial maintenance company founded in 2011.

UmbrellaOne's account management team brings a combined two hundred and fifty years of experience of commercial construction and maintenance project management.
